Re: Parker-Davis Power and Energy - ***Request to Not  
Disclose Confidential/Proprietary Data***

Dear Mr. Carlson:

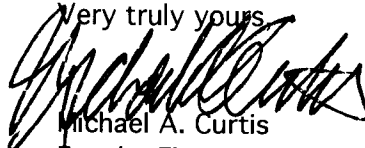

On behalf of the Town of Gilbert, Arizona; Town of Marana, Arizona; the HoHoKam Irrigation & Drainage District; the Eastern Arizona Preference Pooling Association; and the City of Williams, Arizona, we want to point out that all of the data submitted to Western in support of the applications for Parker-Davis power and energy under the marketing plan is deemed confidential and proprietary.

On behalf of those applicants, we wish to point out it would be inappropriate for Western to disclose the proprietary data which was submitted to be used as part of Western's internal deliberations and was furnished by the applicants to Western only for use in its internal deliberations with respect to the Parker-Davis Project marketing proceedings. This data was made available to Western, and Western had the opportunity to question the data and review it. This data is proprietary and confidential, and provided solely for the internal review of Western with the understanding Western would treat it as confidential and proprietary. It was not made available to Western as data to be made available to the public, and no permission is granted to release the data to third parties.

Mr. J. Tyler Carlson  
9/6/06
